

## **SAMSUNG PAY SET UP INSTRUCTIONS**

- Download or enable Samsung Pay on your Samsung device.
- Follow the in app instructions to set up Samsung Pay.
- To add your MasterCard Debit card, select Credit/debit.
- Take a picture of your debit card, make sure all information is correct.
- You will be prompted to “*call bank*” to finish setting up your debit card in Samsung Pay.
  - Call the number given. If you aren’t able to be connected with a SHAZAM representative right away, one will call you back shortly. (This will be from a toll free number.)
  - The SHAZAM representative will go over recent activity with you for security purposes.
- Wait for the authorization to go through, this normally takes 5-10 minutes.
- Start using your Samsung Pay!
- You can change your verification method in the settings tab in Samsung Pay.
